Can anyone tell me what the "zero bug" or "zero virus" is?

Today in two seperate games i was stuck with no cash and i couldnt hurt people. In one game it was called the zero bug, in the other someone said i had the zero virus.

What can i do about this?!?!

As far as I know the zero bug, or whatever is caused by playing mods. I have no idea what causes it exactly, but most people seem to think that restarting Renegade or your computer can fix it.
