Can we just copy the Westwood folder to other computers?

Also, we've tried looking for places to buy it, but it doesn't seem to be available anywhere!

Is there a way around this? Any help would be appreciated. Thanks in advance.

ps. Wasn't sure where to put this thread. Definitely move it if you want to.

If you want to buy it you can buy "Command & Conquer the Ultimate Collection" on Origin which comes with all 17 games (including C&C Renegade) for \$19.99 (

Use a no-CD copy. I think scripts 4.1 comes with a no-CD exe.
