Anyone going to play this game on the Xbox One?

Release date is getting close - 4 weeks to go.

As far as I know, the game has changed and improved a lot. Especially since the 1.6 update. You also don't have to pay a monthly fee anymore to play the game. So that makes it very interesting to buy the Elder Scrolls, especially for the die-hard fans.

Anyway I am going to play this game, and I'm just wondering if there are more people around who are going to get this game so we can team-up. Or even get a guild started.

That explains why I was thinking it had released but had yet to hear jack about it.
