I've been spending a bit of time on it and daresay it has been quite enjoyable. Anyone else?

I too have been playing it and it is awesome. Easily the best Sci-Fi RPG I have ever played.

Its okay, I was a bigger fan of Oblivion and Fallout New Vegas. Main thing I've been doing in Fallout 4 is building towns... as sad as that is.

decent game

The repeatable missons + shitty dialogue are terrible though

new vegas had really good dialogue :/
