Lol you know how to make software? If I had the right programs and knologe, I could make some  
pretty funny shit.

how about sumone make a program SAY it is an aimbot for renegade and when they run it..it  
delets the renegade datda folder

then we have less n00bs

LAeubiJust a stupid, cheap GUI that I can make in 5 sek

I saw somebody (will not say who) make one in seconds as well to test out my VB Runtime when I  
had am problem with his software...

Nice pic though .

Hmmm VB programmers have it made, they can make something like that in 5 seconds but it takes atleast 10 minutes for a C++ programmer to code the same thing.
