This year, the renforums community war will be one of the events organized by the community during the Renegade birthday week. Exciting!

Game mode: classic AOW, so Renegade C&C mode without modifications

Max players: 12v12

Date: Saturday 22th February

Time: 9 PM Euro time, check your time zone here: [https://notime.zone/Olq\\_wbZbC4gn6](https://notime.zone/Olq_wbZbC4gn6)

Discord: you will need to join discord to play, if you don't have a microphone then this is not a problem but you need to at least listen in. We will use the Rencorner discord. Join it here:

<https://discord.gg/rencorner>

Server: we'll be using the ReneWars server

Please sign up for this game in this topic or by sending me a PM on discord, as spots will be limited to max 24 players. People who signed up will get priority if we end up having too many players online. If there are less players online then we'll play a smaller game.

I'll try to make teams as even as possible.

Maps: this is the list I propose, but tell us if you do not like some of these maps! For the birthday occasion, we will only use traditional maps included with Renegade 1.037

- Glacier\_Flying
- Islands
- Walls
- Mesa
- Volcano
- Canyon
- Hourglass
- Complex
- islands
- Field

Hey.  
I'm really not sure I will make it, but if yes, I might be there for the first hour.

Unfortunately my PC has decided to break tonight and will not turn on. I will be bringing it in to get checked out tomorrow evening. I will see if I can use my laptop to join, however may not have discord mic access. Chance I won't be able to make it, heads up for player count for tomorrow.

The cheapest and fastest diagnosis you can do is replace the CMOS battery and/or replace the Power Supply. The battery will cost you \$2? (Unsure due to Trumpflation), a Power Supply can be anywhere between \$50-\$500.

However, that would be where I personally would start. If neither of those work, then it's a fun list to go down to really isolate the issue. Again, though, CMOS and Power Supply is where you'd start. Of course, do what you need to do, this is just advice to possibly save you time and money. Good luck!
