It would be better if you could shrink it down and/or cut off some of the whitespace around the gun.

Kewl...

But why is there white space between the front of the scope, and the rest of it? Looks like it's cut off.

(and the Berrett .50 is better! )

Correction, I do not talk out my ass. I talk out my mouth. Even though I know someone that is talented that can do that.

And I wasn't jumping to a conclusion. I was asking a question. Seem like you took it the wrong way like always.
