Where is this mod being hosted now? I thought it was <http://www.cncrenegade.info> but that doesn't seem to be working. Sorry haven't been around the Renegade scene awhile now, I just want to see the progress they have made. Thanks!

Hmmm....

I remeber a similar Thread in the old board

Your right thats the Url of the Realm Renegade Red Alert website.  
Just scroll a bit down, there you will find it.

And btw: Check my RA1 Modification

once you start talking about spam, you start spamming.

See, this post and the one above it are spam.

It is not related with the topic.
