I am looking for this tutorial that's listed in Blazer's big list, but like everyone I don't want to use it. Can anyone help me find it!? I wish there was some big place that had like a list... I thought there was one somewhere but oh darn where did it go. Oh now I remember...

Renegade Modding and Mapping Tutorials are IN THIS THREAD

Use it people! That's why it's there, not just so Blazer has an excuse to SHOUT at people. I couldn't help but laugh when I checked today and there are like 10 posts all with Blazer shouting to go read the sticky thread.
