I was browsing n00bstories and saw this awesome skin in one of the pics

Where can I get this background if I even can (the guy may have made it himself)

I modified the interface whilst i was creating the Matrix Skin Conversion - by all means feel free to download it and work it for yourself (600+ files).

From memory, the files you need are:

if_bar.dds
if_circle01.dds
if_circle02.dds
if_menuparts9.dds
if_renlogo.dds
if_scanline.dds

"if_" equates to "interface".

I was merely pointing you in the direction to modify it yourself.
