I do not wish to get into any arguments with anyone, and I will not argue with anyone over it. Anyone may be kicked or banned at anytime for any reason including, but not limited to: suspected bot use, acting really stupid, and idling. Those are they 3 biggest problems that we face on a daily basis.

Concerning clickbot use. I HAVE tested a number of ones that work surprisiely well over the past week. Any legimate admin may come to the DOM IRC channel and I will give them the information on the best of them that I tested. I am not here to argue there existence since I found them with a minimal amount of effort.

Acting stupidly: the number of n00bs seems to have dwindled over the last month or so, but we are still seeing far more than we like and we run the server for fun. Those who want to ruin the fun; you are OUTA HERE.

Idlers, again we run the server for fun. Just sitting taking up room in the server that others could use is not cool.

Again, we are doing this in the interest of keeping it fun for those who want a clean gaming experience.

Fair, simple and to the point... I like them.

Better be careful, I wouldn't want all those DOM server fanatics making n00bstories on how "OMFG I WUZ KIQD FOR OWNING TOO MUCH". FUD has similar rules, and we get it all the time.

Been busy with the server, work, family, courts, UT, PlanetSide, some new certifications, fashion, these smashing new pumps but really I have been doing some Renegade but its usually in the new wee hours of the morning I sometimes check your server but I never any of you guys in it. At least when I am on. I will try to catch up with you guys. In the mean time how about a friendly scrimmage between FUD and DOM? no points just for fun.

Just be careful you don't actually shoot at Tasktard7, old man. You get banned.

Good to see you around.
