That is the only multiplayer practise you can play on but if you want some similar stuff just find some AI levels and play on them.

you can lpay all the maps you have in multiplayer practice, you jsut have to edit the srvg_skirmish.ini (i might not have put that right) and put the maps name in or something but there wont be any bots.

its easier to just 1 player lan and you can play all maps, just no bots.

you can play WITH bots on MP practice, if you get my AI maps
