2 games this evening i was kicked because i was going to get MVP, just before game finished hosts kicked me, probably giving MVP to them.
th 2 hosts were:- AAAMEME and BAZOOKABO. What bad losers. I broke no rules but was 1st in both games at the time of being kicked.

I got this with aaxman
He sometimes has an 8 player server and I was there a long time ago. The teams were very balanced however my team was slightly better thx to me
Then almost at the end of the game we would have won without a doubt. But he kicked me.
Bastard
