i went to the 2 links provided stating this is where the stuff would be moving to now that renbattle closed. Noobstories dosnt work and the other one has like 40 mods total. None of the ones i could find i wanted like matrix stealth or my boink replacement sound i liked. Please tell me where i can find the mods that were provided on this site. THANKS FOR YOUR HELP IN ADVANCE

You could try using the search function.

No one is here to bottle-feed you.

Some grade-a advice and help there ack, anyway.

Try <http://www.cncammo.com> for then, there hosted by Fileplanet, so you will need a gamespy account to download then you have to queue im afraid.

At the minute there are not a lot of good sites with downloads, dont worry that is soon to change..
:twisted:
