Haha, no, I didn't pay for the cruise. He will be back probably tomorrow.

If he continues to attack, I have another tactic up my sleeve, plus something I've already initiated to protect myself. Of course you understand I can't say anything on here.

By the way, the new server is SO FAST... I drool

Shortly... I'm writing a script to clean up the images and then I'll upload them back on the new server.
