you banned me from the pitts server while i was using nick C4OwNaGe for me telling you to shut up!!

you were repeating ctrl+alt commands like 6 times in a row!, do u know how annoying it is to hear

DEFEND THE HARVESTER!  
DEFEND THE HARVESTER!  
DEFEND THE HARVESTER!  
DEFEND THE HARVESTER!  
DEFEND THE HARVESTER!  
DEFEND THE HARVESTER!

DEFEND THE BASE!  
DEFEND THE BASE!  
DEFEND THE BASE!  
DEFEND THE BASE!  
DEFEND THE BASE!  
DEFEND THE BASE!

so i tell you to shut up, and you ban me, that really pisses me off, because i needed to read more important messages that people were typing.

it is really annoying, and i think ALOT of other people will agree!

so unban me NOW

here's an idea... shut up. no one cares if you got banned from a server... not even if ACK was the one you banned you. You got banned... deal with it. This is just another spam/flame thread that has no reason to be here. Grow up and move on.

I didn't even ban you; you stupid dick... I did a qkick on you because you were talking shit to me.

The reason I'm saying "Defend the Harvester!" over and over, maybe - \*just maybe\* IT WAS UNDER ATTACK AND NEEDED EARLY-GAME ASSISTANCE.

You can rejoin anyway on a qkick... Learn the difference.

By the way, I've been playing on The Pits for a very long time now... People know how I do things. If I'm spamming a command, that means the spammed command is telling others that something urgent needs tended to.

For example, hearing "Defend the Refinery!" five times in a row usually means I'm inside of it and trying to repair it by myself when it's getting pummeled into obliteration... It's pretty simple to figure out.

Also for future ref. post this on the-pits we can deal with the situation quicker, ie you not being on the active kick list.
