Please connect to irc.xpeacex.com instead. RadiantX may never come back up again.

irc://irc.xpeacex.com/n00bstories

This is a move I've been planning for a while and today is the day.

To add onto what Crimson said, XPeaceX uses a completey different IRCd than Elite-IRC and RadiantX(where #n00bstories has been), so alot of commands are different.

To reg a nick on there its /nickserv register pass email and to identify is /pass pass.
For anyone wanting to move their chan to XPeaceX needs to fill out a register form at <http://xpeacex.com/application.htm> .
The services on there are alot different so it may take some tome getting used to.

Also there is no hop(+h)mode, theres voice(v), op(o) and owner(q). All hops on the old #n00bstories are now ops and all ops on #n00bstories are now owners.
