Ok, a friend of mine over at another pair of boards has a map request for anyone that is still into mapping.

<http://mywebpage.netscape.com/LilMan9000/RenMap.JPG>

He dosen't want anything that he has written out on that map changed or alterd in anyway unless what he requested is not possible. If you don't want to do it, feel free not to. If you don't like the way the map is set, then don't do it. Remember this is for a friend of mine, not me.

Thanks for your time.

for some reason that reminds me of Hangmans Canyon...like if you took out the tunnels through mountains and switched the bases...
