Is that why he can't stand up to me in a game? Last time I checked, and last game we played, he fell to my feet 9 times. HMM.

But you have, you died a few times, whined, and then were banned for it. It was on our server. I was there, so was quotu, taskbot7, and disposblh.

On a slightly related note, I'd like to second the option that lunchobox is a fucktard.
