We need a web host for the Modern Warfare site!

I was thinking of Planet CnC, but I heard that it's really slow. Any suggestions?

Warpath runs with Arm-Ent and their pretty good , but i would advise that you have something to show off and if u do email Vlad @ imthadon@hotmail.com.

Hope it helps.

We have chosen Arm-Ent. They rock! Really great service. I am very impressed. Our site has been accepted and is currently being coded.
