I was just wondering, i met accurci or however you spell it the other day.

I play it and my nicks are Arush4nil and KiLLeR-PaNdA

Also, The expansion (The Frozen Throne) is coming out on the 1st of July.

It's already had over 2.5 million Pre-Orders.

And the new patch just came out, so there are no map hacks out yet. (Well atleast i havent played anyone).

So, come play War3, its fun.

Although its way way harder than RA2 and YR, its still fun.

I have it but don't play it much. When I do play it it is always a custom offline game cause I don't want to go online and start sucking right away.

just thought I'd point that out. You're right...I cant tell you how many times I've gotten away with using my aimbot and wallhack. :rolleyes:

lol

EA are evil.

im not talking about Renegade.

Other EA games.

---

EG: RA2 if you played it, you know how many cheaters there were.

And, i am not bad mouthing the game.

I love it, i just cant play because of the lag i get on my 56k.

I am still on the boards, and will continue to be, because i still have one disc and a copy of the serial.

Partly because the dude i sold it too don't have internet

LOL!

so if i get bored, ill probally re-install it.

Peace.
