For someone who supposedly doesn't like the game or the forum (and was banned), he's pretty damn desperate for attention from those in the forum. :rolleyes:

Well, despite his reasons for returning, he was banned. And I think most would agree that evading a ban is a bannable offence.

I seem to recall something about an attention whore on the CS forums...some chick came in and announced it and the thread go up to hundreds of posts. The funny thing is that Crimson is trying to avoid this.
