What do you mean edited?

Ive started a level for this and also one for Slayers Mod.

I Would like to do everything(in commando) myself on my map's...I'll just need the Buildings when they are completed...and i can Add the vehicles right up to the time of the release.....Is this going to be in .mix format?

all you need is a database.mix i beleive to make the whole mod in .mix

ACK...keep on laughing,Im happy to see your laughing and not bitching in every post.

EDIT: Well if you want you can have a commando editor for my maps....I'll talk to you on MSN

Im def Interested in this mod and will work on more then 1 map

Can't wait for the site to be up!!
