They probabl started making the Nod one but EA forced them to release it. There are traces of a GDI singleplayer refinery and other GDI singleplayer stuff around , which indicated they may have been working on it. Also there were going to be lots of multiplayer game modes, see <http://www.renhelp.co.uk/modes.php> on my site.

spreegemwww.fuckea.com

Childish site made by childish people and advertised by WAY more childish people. :rolleyes:
