Because of the positive feedback and some request, I decided to start finish my Airmod

So I searching for some people helping me:

- \* A Skinner (just edit existing Skins)
- \* Mapper (View Details)
- \* somebody who can make skins for some airvehicles
- \* somebody with skill in making flyingvehicles

If you are intrested, contact me

Everybody who wants can Betatest the current Airmod version.

Any suggestions are welcome, pleaso do not spam or flame in this thread.

Suggestion: MAKE IT ENGLISH! The mod is in german, and when you exit the mod your renegade is in german before you restart it!

Otherwise a promising mod

JWPI would help but I'm already helping out in 2 mods (scripting + modelling)

YOu must not do much, one model/skin or one map will do it.

If I finish anything up I'll see if you want it Laeubi... I got alot of stuff going too but I always end up just making a random thing here or there. I think that a controllable C130 that dropped Nukes would gather interest. ;P
