Some of the images of the site are leftover from the theme I modified to get this one. Hold your mouse over them briefly to see what they are supposed to do. They'll be replaced shortly.

I don't see any Arabic buttons.

Suggestion: Remove the thing that tells you who is browsing which forum. Doesn't that make the forums lag?

C4minerI don't see any Arabic buttons.

Go to the memberlist you will see what he means.

The closest phpBB theme I could find was an Arabic one that had a lot of similar greens.
