Go ahead and read through the thread again, hoss. Don't play revisionist history - your own son started the bullshit along with some other lamer.

be the case, just send it on over to killer_bee@cox-internet.com, or just email him letting him

started because Ack does not like Killer_Bee, so he has to start a flame war and ruin his thread. Bottom line.

1. The first reply to turn the discussion personal:
xSeth2k2xcan you ever be positive about anything?

This was said in reply to ACK's "Well, as you just outlined, other sites are already well-known. This is rather pointless, and would serve only to make finding things more difficult.". What ACK said in his first reply to that thread was neither an insult or a "flame". It was just to point out the fact that there are many different sites with tutorials, and it would be almost pointless to do another one. Although it wouldn't make finding things more difficult, it would be pointless to make a new tutorial site that would have the same tutorials that every other site has.

2. The first reply to insult, or attack was made by you.
CaptkurtAircraftkillerWell, as you just outlined, other sites are already well-known. This is rather

pointless, and would serve only to make finding things more difficult.

you admit it. To most people Having more stores to find something in, makes it easier to find that

Imdgr8oneHe's realistic.

Well in your case, I have to say since you have the same mentality as Ack, I understand why you

confused. Boo Hoo hoo.

AircraftkillerxSeth2k2xcan you ever be positive about anything? :rolleyes:

Of course I can, but your post wasn't necessarily the epitome of positive thinking, though.

And now, to the normal people of this forum, it only makes since to me to have more stores to

mine.

Oh yeah, I see where AircraftKiller "Ack'ed" everything up, lol.

The "flame war" was started by you, CaptKurt.

Yep, I'm sure you've seen me standing in a pile of dog shit. ANd btw- what does this have to do with the subject? Why don't you reply to SP? Scared because you know he just proved you wrong?

He already knows he's been proved wrong. He'll just reply with another "Ya crack-a-me up." or another one of his usual, lame replies. Maybe if we're lucky he'll go to an online dictionary, find the largest word he can spell (Hey, there are alot of words that are under 4 letters that he can find. He'll probably just find and memorize a larger one like he's done with "narcissist" and "epitome".), and try his best to sound smart and mature (Yeah right). It will just come out as a grammatically incorrect and incoherent rambling (like his usual posts).

Well it seems every time I or someone else posts, ack comes in and says something NEGITIVE,

OR maybe he should NOT post in my POSTS!
That would solve that problem right? Not very hard.
