I don't dispute we lost. It's the way you acted afterwards that brands you as children.

Lose with dignity, and win with even more.

PsYYour a retard.

Perhaps.

But I can utilize the English language properly.

You're . It's called a contraction. You + are = you're.

Your denotes ownership on another persons part.

Oh, and since you're in LT, you won't mind if I discount your idiotic response.

That is a perfectly logical assumption. Clans use that nomenclature all the time, and make it mandatory that the member use the prefix, then thier name.

So, how is that retarded? Ever heard of HS?

I think you default to the "retard" comment when your limited intellect stops you from having a debate.

It's actually quite amusing to have you react this way.

I bet alot more people by far have It in front of their name are in the clan then that arnt. Also you could always check the roster.

I doubt it uless they are in the military and are actually leiutenants.

If is was worth 1/10 th my time I might, but checking out LT's roster is about as high on my list as removing bellybutton lint from my navel.

It may take you grammar challenged fools 15 minutes to post your nonsense.

I fire one of these off in 1 minute, then go back to work for 15.

Lost production over the course of an average 8 hour day: 8 Minutes.

Considering I work the other 7 hours and 52 minutes, I'm not too far into the negligent worker category.
