Oh wow were those clips funny. It's unfortunate that whenever I download the FULL version, it's corrupted... Maybe if we can get some parity files in there or something? Would really love to hear the whole thing.

Ooooooh, and so proud aren't you, you gangbang on one person, you and you're little dipshits.

This is what you do to make yourself proud. Look at you. Aren't you the proud one? "I'm the one saying "Havocman, just shut the...." etc.

Who cares which one is you? Apparently you care. Notice you're the only one that gave a hoot to make sure that every one else knows which one is you? That's because of all the traits you posses the number one is your narcissi. You're a sad example of life.

Haven't you learned that your dictionary-wielding battles are leading you nowhere? You're already a thief, you're already a low-class moron... Do you need some more labels? I can pass them out as quick as you can say "Narcissist" continually, like you always do. Seems like you're unable to find a real definition for me, since I actually fit almost no known dictionary definition. Once again, nice try, but you're still unable to accomplish anything.

saying "Havocman, just shut the...." etc.

I'm starting to think this is a word he just leaned about and is tring to use it where ever he can.

Did you even listen to the recording? Havocman made a fool of himself... NO ONE was ganging up on him. All we did was laugh, which caused him to scream and finally quit. Havocman was the one insulting Canadians. Insulting ACK with his "Mr. Criticism" comment, which by the way was what caused us all to laugh, mostly bacause of the way he said it. The only people picked on was Pak, and thats because he makes a fool of himself. Havocman was throwing most of the diliberate insults at everyone, so he deserved what he got.

I've never really flamed anyone before, mostly just pointed out errors, but keep up this useless

stuff, or I may have to start. Remember according to you, everyone is a narcissist. According to <http://www.dictionary.com> you are exhibiting symptoms of a superiority complex

superiority complex
n.

traits you possess the number one is your narcissist." You were referring this to everyone that was there, and from a former post, the professional editors of the world. I'd say that's trying to put everyone at a lower level than you)

1. A psychological defense mechanism in which feelings of superiority counter or conceal feelings of inferiority. (Lately you seem to have the need to label everyone in a bad way. Trying to hide your thoughts of inferiority?)

Remeber according to you, everyone is a narcissist. According to <http://www.dictionary.com> you are exhibiting symptoms of a superiority complex

sigh I guess the explanation that I posted 10 minutes before your last post wasn't detailed enough..So let me try to find a way for you to understand it.

Quote:Ooooooh, and so proud aren't you, you gangbang on one person, you and you're little dipshits. This is what you do to make yourself proud. Look at you. Aren't you the proud one? "I'm the one saying "Havocman, just shut the...." etc.

make sure that every one else knows which one is you? That's because of all the traits you posses the number one is your narcissi. You're a sad example of life.

Based on your firsts paragraphs structure, you tie everyone that was on Teamspeak, as well as those that heard the recording and laughed in with the same group as ACK. As for your second paragraph structure, everyone who has claimed ownership to a voice spoken on teamspeak is also in the same group as ACK. Now you may come back and say that paragraph structures have nothing to do with each other, and you're right. Except for one thing. You tie the two paragraphs together by adding "I'm the one saying "Havocman, just shut the..." etc." in the first and continuing with that same topic in the second paragraph " Notice you're the only one that gave a hoot to make sure that every one else knows "

Now. If ACK is a narcissist for taking part and owning up to which voice was his, then everyone else who has taken part and/or taken ownership of a voice is also a narcissist. (Note: this forum is not the only place in the world for the gathering of the renegade community.) And before you go off saying that you didn't know others said anything, thats right you didn't know. So you shouldn't make assumptions when you don't know all the facts, or because you dislike someone.

now to avoid further coplications, the reason you exhibiting symptoms of a superiority complex: In another topic you called the eprofessional editors of the world narcissists because according to your agreement with someone else people who correct spelling and grammar are narcissists. As explained above, you have also labeled everyone who has even laughed at this recording a narcissist. Ok, I agree it may not be "everyone" in the world, but your still trying to raise yourself above an awful lot of people.

Edit: If further explanation is required, simply say so and I'll try to find yet another way to explain it to you. :rolleyes:

If you play everything backwards you can hear the devil asking for you to sell your soul for a cookie.

Libel:

A false publication, as in writing, print, signs, or pictures, that damages a person's reputation.
The act of presenting such material to the public

Seeing as it's an unaltered live recording, I fail to see how it's a false publication. Go Havocman!
Your case is growing in strength every day!

Man I only read the first page but, OMG! LOL! Man I have to tell my friends all about this. Man I was nearly falling out of this computer chair, thank goodness for the arm rests or I might have been laying on top of my tower in the fetal position with choking on laughter. And DJ lefty's remix was prize. I have to let my sister hear that one.
