For those that don't know, I work in radio. This morning I gave a quick hello to afkaos and ACK on the air, just thought I'd post the tape here.

Let me preface this by saying that anyone who asks for a "shout out" as a result of hearing this file will have their appendix removed by me using a chilled salad fork. Just don't do it.

Grab the sound byte here.

And, if you look closely enough, you'll notice that n00bstories is also sans appendix.

I am always looking for something to listen to while at work. Does your radio station stream over the internet? If so...I will listen in from time to time. I get sick of launch.com and stuff like that.
