I reaaaaaaaaaaaaally like the shot with his head in the crosshairs.

DON'T TYPE IN THE OPEN FOOLS.

I cannot believe that after a year and some change, people still are foolish enough to do this, and scream "OMFG AIMBOT!".

Most of these people are new to Renegade, since it is now \$9.99.

Sorry to break the news but there is an aimbot that works for Renegade.

I even tried it myself because I didn't believe it. It does work. But to be honest it is not as good as having skill. I had a game with my friend, him with the aimbot and I without it, I won... Aimbot exist but it sucks...
