Hey all, times come for me to go back...

I have been given the oppurtunity to go back to Australia..

And im taking it, much better place, lots more there for me. Now im going sooner then i expected. At first i was going back in september, but now somethings come up. Im going back on the weekend.

I won't be going back to the UK for a looooong time.

This means, No IRC for me, hardly on MSN and hardlyer here, in other words i will hardly be online at all.

When i get my old job back there, i will only be able to browse the forums and use MSN a little bit.

So, just saying my goodbyes now.

To all my close friends here:

Aprime - dude, your a hard worker and a good friend, keep it up.

Michelle - Girly, go kick those guys ass's on IRC, your a top girl and you have your whole life ahead of you.

Ice - Hey sexy, im gonna miss you loads, wish you could come with me . Good luckwith your life. Love ya loads.

Crimson - Gonna miss you, gonna miss helping you out with secret things.

Maytridy - Good luck on your mod, hope all goes great for you.

Dante - Your the man, and gonna miss the talks and funny things. Good luck with Cocoa and also your many secret projects .

Nick - Hope everything goes good for you, good luck on everything.

Laeubi - Gonna miss ya dude, hope your mods turn out great, and also good luck on everything.

(if i have missed you out, sorry but there were the ones that i were closest to, i will miss you all)

Goodbye and good luck Renegade and the Community.

The community will miss you, but what's stopping you from getting a PC in Austrailia?

Even if it's just a cheap, crappy one, you could still browse the internet.

I must be psychic.

I knew you couldn't carry through your modding for Dante.

Enjoy life in oblivion, mate.

Kidding. The simple life without all these electronic distractions, actually sounds appealing. Try to find a replacement for your role in Dead 6 though.

I think you owe that to Dante.

I'm open, if Dante wants me. Which I doubt, but hey. I don't know what Madtone was doing, but I'm a modeller/skinner/coder.

Bye,

I expect to see great things from you...

Will miss seeing you in the community.

Have a nice time in Australia;

Just think soon you will be sleeping underneath most of us here .

Enjoy Living Upside Down !
