Just another minor sound mod, I like it better than the silenced noise.

Filename: UnsilencedPistol.zip

Size: 119 KB

Description: A sound mod replacing the regular silenced pistol firing noise with an unsilenced one.

Not quite as stealthy as the silenced version but, I like it .

Gives it a more realistic feel, wouldn't this give a slight advantage if you were to use this, in that it would be easier to hear a pistol shot? (not like it would do you anygood).

Good though.
