As you all know, Westwood is no longer a seperate commercial entity, but I have a problem that you people may be able to help me with...

I'm just about to format my PC, but that would mean that Renegade, WOL, and my information would all be discarded. Unfortunately, I don't have this information handy to get my password again after my format, and the auto-mailer doesn't send the E-mails it SAYS it will.

If there is an alternate way to get the password, I would apprecaite any input, okthxbye
