Though I must say here and now that while you CAN bash Westwood/EA, I still won't allow talk of warez and serial exchange, and how to cheat.

To sum it up:

n00bstories (and now the Renegade Forums) supports legitimate ownership and gamesmanship of EA/Westwood games. Activities and conversations that don't support this will result in the removal of posts. Repeated offenses will result in a forum ban.

With that said, let the fucking swearing continue, you bitches.

Well, I'm waving a red flag in front of a bull now, but here goes...

I would like to see more "vulgar" swearing censored for a number of reasons. I think this thread has already exhibited ABUSE of the lack of a filter. I swear as much as the next person, but NOT in a message board. I have no problem with hearing or reading swearing when it's appropriate.

Now these boards are the official home of the Renegade forums, which has been sanctioned by Westwood. Seeing as the game has a rating, the boards should reflect that rating. Although such rating is only relevant (legally) in the USA (I believe), the spirit of any rating should be reflected in the official "home" for the boards.

I'm not a prude, far from it, but I honestly think that many parents would not be happy if their younger kids saw this much profanity. As a parent, uncle and godfather, I know young kids swear, but I'm disappointed to see it being actively encouraged in here. I'm nobody, but a supporter of the game and the community, and frankly I'm disappointed.

Please reconsider the lack of a filter.
Thanks.

Hey thats a nice flag you got there...let me come a little closer.

Paragraph #1) Who decides what is "too vulgar". There may be many things you think are just "vulgar" which I consider "too vulgar" ... same thing applies for "when its appropriate" -- you may have to have a moderator JUST TO determine a)what is too vulgar b)when it is appropriate

Paragraph #2) This is all bullshit - trying to tie the rating of a game to the "largest Renegade Fansites forums" does not work.
These are NOT the Westwood Online Renegade forums - this is : "one of the largest Renegade

Paragraph #3) Fuck the kids - they can get there moral standards somewhere else. This is such a catch allbut...for the kids !?! We could ban soap-on-a-rope "for the kids" if you wanted to. Once again fuck the kids - dont let some Renegade forums be your babysitter and everything will be hunky-dory(sp?)

"I know young kids swear, but I'm disappointed to see it being actively encouraged in here. I'm nobody, but a supporter of the game and the community, and frankly I'm disappointed"

Who here is encouraging kids to swear ? (looks for hands to raise) Thats right : no one. I can't speak for everyone else but I know I dont think kiddies should swear - it's bad for them and trivializes my favorite terms !

Bottom line : I think the basis of your arguement is flawed. This is Crimsons website, she can do whatever the fuck she wants (even if that means deleting this post). Other peoples kids are thier fucking problems. And yes "fuck" is one of my favorite expletives.

See : Kids Aren't Made of Glass @ savethehumans.com for a funnier discussion on the same topic.

[sg]theOne - We might have to agree to disagree, but I need to clarify a couple of things. Last thing I want is for this to turn into a pissing contest.

Firstly you answered your own question: It's for the moderators to decide, and clearly they have decided against a filter. That's fine by me, I just wanted to voice out an opinion rather than follow the herd in thinking it's cool and clever to abuse the privilege to be allowed uncensored "speech".

Maybe you should re-read paragraph 2. I know these forums are hosted by a fansite, but they ARE the official (i.e. sanctioned) ones and therefore IMHO have an obligation to maintain at least some standards.

"Who here is encouraging kids to swear ?" Encouragement does not only mean "hey come on kids, swear, it's OK". Simply reading is encouragement enough for some. Let alone gratuitous & irrelevant swearing for the sake of it.

I'm with you about this being Crimson's site, where she can do as she pleases - all I wanted to say was "please reconsider".

Cheers.

This is the fuck thread, swearing is encouraged in this thread. If you're not old enough, or mature enough to handle it, than don't read this thread, it's as simple as that. We don't need the censors atm, the lack of censors is not being abused at all! (note: if swearing is allowed and encouraged in a single thread, and it's being used alot in just that thread (and almost nowhere else on the board), than it's not being abused at all.)

She goes "Well I have 3 boys, one is 2, the other is 5, and the other is 10 and a half. I just was appalled one day when I was watching my kids play this game! Promoting the killing of innocent people and policemen is horrible. This game and all others like it should be banned."

Um... Crazy lady, WHY NOT BAN THEM IN YOUR HOUSE! DONT MAKE OLDER PEOPLE SUFFER CAUSE YOUR A BAD PARENT. THE GAMES RATED M and YOUR 5 YEAR OLD IS PLAYING IT!? CALL DCFS! Why not Ban youself from parenting than banning a game other find quite enjoyable and have no problem with. Why doesn't she take them into the Bronx, buy them some popcorn and tickets and send them into a Pr0n Theatre, then say "I can't beleive they would show that to little children with no restrictions! I think all movie theatres should be banned!"

Some people make me so mad!

DoitleQuote:ahh no censorship. personally i find it annoying that people who are parents want to complain that there children might see cursing. umm if you hadn't checked the box it has a TEEN rating so kids shouldn't be playing. so to hell with anyone who wants censorship.

"Well I have 3 boys, one is 2, the other is 5, and the other is 10 and a half. I just was appalled one day when I was watching my kids play this game! Promoting the killing of innocent people and policemen is horrible. This game and all others like it should be banned."

Did someone actually say that? She must have been really high and thought that she could get that game her children because all of thier ages put together equaled 17 (10+5+2=17). But seriously, she had to rent/buy that game for them and if the name, Grand Theft Auto 3 isn't enough to tell her that it's about stealing cars and crime, the lable that said "ages 17+" should have been enough to tell her that it's not for 10-year-olds. The 5-year-old probably isn't smart enough to even know that the buttons on the controller even effect what is on the screen. Bad, bad liar and parent, she is.

"I am not "actively encouraging" swearing, except in this thread. There has not been any misuse or overuse of the lack of a swear filter in any other thread."

Damn straight.

lol... Stupid people these days... Trying to ban video games because of bad parents...

Video games are just scapegoats. They're among one of the first things to be blamed for anything.

Games I feel are beginning to ACTUALLY become necessary for today's youth. Think about this for a second. What to most suburban kids have at least one of. A Gaming system. What DON'T poor inner-city kids have? A Gaming System. Which of those two is more likely to take their .45 into the street and join a gang?

Also, think about this. In times much earlier. I'm talking like Pre 1800's. Children used to go out with friends, and hunt! OH NO PETA! LITTLE KIDS USED TO GO OUT AND KILL ANIMALS FOR FUN! That was their release. Later on boxing was big. That was their release. It was violent but not Illegal. No one tried to kill another in Boxing, it was a gentlemen's sport. Later still around the 70's, when kids were young. They used to play games like Kill the Carrier, Sniper, and Dodgeball. Those sort of games again have that violent aspect while having no bearing on killing anyone. (Despite the precarious name of Kill the Carrier) But you never wanted to kill another human in those games, just get the ball from them or knock them down. Now Games come into the picture. I know, growing up with video gaming, that kids aren't going out and playing Kill the Carrier or any of those type of games. Our schools have all but outlawed Dodge ball because of people saying it is teaching violence in schools. Kids don't box, because where would they start? Boxing has been out for quite a while among young people. Finally do they hunt? Rarely and only if their parent's or someone they know goes, because you can't just walk out your back door into a forest and bag a deer. There are only small areas to hunt in, you need a liscence, and with development, there just aren't as many animals around anymore.

Now what the hell does this big long boring history of children I have written mean to you? Well think of this. When people talk about stress they say "The worst thing to do is bottle it up". Now our children if they don't play some violent games, have no outlet. Human's naturally have some violence in them and it is more aparant in some than others. They will keep bottling it up until it starts affecting them. You may not see it until it's too late but usually when something big happens it has been building for a long time.

That's my 32\$.

Sir PhoenixxWhat does MoG mean?

I'd think those old enough to be a teenager or older (>13) would have already heard much more than the swear words contained in this thread. From their parents, friends, TV, Et Cetera. I could see trying to censor for little kids (<12), but for those who have already learned nearly every word in the book?

MoG is Men of God...

If you ever played there server you will know what I mean.

lol...

Should be more like HoG, Hyprocrites of God...

They're a clan for a game that has virtual violence in it, killing, blood, etc., and they're whining about a little swearing! :rolleyes:
