i have got a ladder problem

i had on a game 741 points

Date & Time	Ladder Pts	Game Pts	Game ID
08/03/2003 19:11:42	741	2375	112324614

but wen i click on the game id :

There is no such game with that game id

and on all my rank points there went 0 up

so how could this happen?

kawolskyhas not been working for a while
It isnt working for over a year...

BTW... even when it would work... rank doesnt show how good you realy are...
Someone who stays at the base to defend and killes 12 SBH trying to plant a beacon is more experienced then someone who stays buying tanks and shooting at buildings form a distance getiing points.
