Renabttle.com - the ONLY GSA server worth playing on. Much lower n00b population than the average. Everywhere else I go I hear "OMG my teem sux" or things to that effect.

My WOL service has never worked properly... I only play Renbattle now.

Join a GSA game, then Alt-Tab and close GSA! Helps with the lag, no popups and games still run fine.

Much better snipers, but AOW clans don't compare to -LT-, DZ, and some of the others on euro server.
