I played a full length, all out war with 10 players this morning for the first time in a month and a half. I have been moving my family, and switching jobs, etc... so time to play games was limited by no dial up, and family needs.

It took me 2 minutes, and I was rehooked.

I am astounded at how much fun I can still have after playing this game since inception. It NEVER gets old. I am excited at the prospect of seeing RENALERT, and DEAD6 soon, as it's hard to believe this gets better.

There is nothing like an excellent tank battle and sniper removal to get the blood pumping.

VIVA RENEGADE!

You know, the death of Westwood hasn't been all bad, as the mod community really took off, once there was no hope for a patch in the future.

Oh look kids. It's the oldest known fossil in Renegade.

How do you work the keyboard with arthritis? It must be hard not slipping off the mouse when the Ben-Gay gets all over everything.

Maybe you could try joint-ritis.

it seems that after you play mohaa for a couple of hours then you play renegade, ren seems so much easier without that recoil on the weapons, i usually get on fire on snipe servers after playing mohaa for awhile, also it seems faster since the characters move faster

Demoman, Trying to get something of value out of your post is like trying to squeeze orange juice out of an apple. You couldn't get a clue during clue mating season in a field of clues if you smeared your body in musk and did the clue mating dance. A long period of non-posting would be most welcome on your part. You bring to mind a quote from Josh Billing: "Doesn't know much, but leads the league in nostril hair"

Oddly enough, he sounded like less of a fucktard than you did. His tard post was concise if nothing else.

Renegade has magnetism, hold on.....

goes into back room, falls into hysterics laughing his ass off, then comes back

Yeah, Renegade has magnetism, sure :rolleyes:

I'm not saying I don't like Renegade or anything, but I dunno. Ya'll make it sound like it is the greatest FPS made(is it really an FPS?)

It just seems that everytime I get that urge play Renegade, I get more and more depressed. There was that one time where I would play it everyday and stuff. But ever since I've played any other game, I just don't feel that compelled.

For some reason, I can feel a Firestorm comin' on.....

Oh come on guys, I mean its not that I don't like it or anything. Its just that with all this hype about all these new mods coming out and everything else, I just think about the rest of the Renegade community. Do they know about this new found life? I just feel that one day all Renegade is gonna be is all about the Die-Hard fans. I dunno, I'm just expecting the worst.

It's part of the job, what can I say?

I also like to lick myself, but that's more of a fringe benefit, than a job requirement.

LOSER!!

See? I am once again detecting your prescence. And you really need to work on those comebacks, kiddo.
