Help! I have finished every objective in level 2 (armored assault), when I go to the back of the plane I get the mission complete page with my ranking. When I click continue I get the Single Player, multiplayer, etc screen. The first time I finished level 2 I saw the movie and went on, unfortunately I did not save it, now I don't see the movie and cant continue. I have downloaded the patch, uninstalled, reinstalled and started from the beginning again and still no luck. Any one got any ideas please help.

Thanks

I know what the problem is. You are just playing the mission itself. You need to play an Autosave or a quicksave to continue.
