You mean the Mod to play the Single Player with a friend??

That is the biggest shit i have ever seen.....

<http://www.renegade-planet.de>

I couldnt find it on that site. Unless of course its named something I didnt expect.

Even if you dont know german its stil pretty easy to navigate that site.

Of course I had it translated though (Thank you babelfish)

I wish some would make a co-op mod, but unfortunately there aren't any that really are co-op (cooperative, as in on the same team helping each other). There are only the sp maps with spawners on them if that's what you mean by co-op.

But for what you're trying to do you just open up the file svrcfg\_cnc.ini which should look like.

[Settings]

MapName=

TimeLimitMinutes=30

RadarMode=2

Port=0000

IsDedicated=no

IsAutoRestart=no

IsPassworded=no

IsQuickMatch=no

IsLaddered=no

RemixTeams=no

CanRepairBuildings=yes

DriverIsAlwaysGunner=no

SpawnWeapons=no

UseLagReduction=yes

wGameTitle=Name

MapName00=

IsFriendlyFirePermitted=yes

DoMapsLoop=yes

IsTeamChangingAllowed=yes

IsClanGame=no

MaxPlayers=99999

BaseDestructionEndsGame=yes

BeaconPlacementEndsGame=yes

StartingCredits=0

Where it says MapName= you put M05.mix or whatever (I think)

Hope that helps.

yea i saw a coop mode somewhere it says

coop mode now u could play coop mode with a buddy something like that

i think i found it when i was looking for recon bikes download :rolleyes:

Im pretty sure that it was just like all the other ones. (Spawners on sp maps)

You need Notepad to open .ini

I try to search it @RenPlanet.

I got it from there, too.
