You two want to be banned, Mike and Maytridy? This is your only warning, I'm not going to tolerate being abused for cleaning up the modification forum.

Here's the facts:

"Roofgnomes" is a waste of time. It was never going to get made.

The topic was excessively spammed with garbage that does not belong in the modification forum.

This is not a spam forum. You will post things that are on topic to the forum's purpose or topics will get locked.

"Roofgnomes" is not coming back. Keep this forum the way it's meant to be, end of discussion.

That is a great Idea. You should do that. That thread is full of funny pics, andit's nice to have a thread where you can spam all you want without being yelled at.

Deafwaspfuck the roof gomlelelslssss

i agree, i cant believe the amount of people that like this stupid Roofgnomes thing, as ACK said, its not like anyones ever gonna make it, thats why Ideas have stopped pouring into the topic, Everybody knows that its a gay idea, but prefer that the *Spamming* topic stay open.

What a bunch of retards, If your gonna make a mod, make it at least remotely connected to C&C.
