oops... lol... fixed.

CNCWarpathAhm, i made that design

yes, we are both credited with what we did at the bottom. Genocide did the layout, I did the colors and the text.

Maybe if you people spent less time patting yourselves on the ass for every little thing you do, you might actually get something finished... hmm.

dude, ur 100% correct, but the reason why tib evo members havnt really got much done is because of school and a busy life.

but we'll probubly be finished x13 by end of september, and than all we have to do is add more stuff and we got teh next version
