Ever since that guy in the Original Forums posted all those nasty Pictures from a site with the .cx extension, i havent trusted one site with that Extension, so... im not even gonna click on it, and i'd advise anyone other than Demo to do the same.

uhh.. how to explain it though... look at the first picture again, and imagine someone (not animated) doing the same thing only in a lower part of the body... just below the testicles.

C'mon Dorkman, LOOK AT IT!!

For those of you know aren't aware, the site with the extension .cx (which Warranto pleasantly provided) this is merely a parody of that disgusting picture but with clean and humourous outlook on it. Of course, if you haven't seen the original picture, you're probably better off not going there in the first place.

Yeah, DO not look at the pic that warranto showed, I saw it about 6 months ago, and it is still etched in my memory, and every time I see that site address the pic comes to the surface of my visual thoughts. Not pretty indeed

Nah, you'd have to see the original picture to really understand this one.

But thank yourself that you didn't.
