I'm currently playing Tears for Fears with Head over Heels. Up after that is Todo with Africa, then U2 with Where The Streets Have No Name.

Requests can be made at 6 PM Central Standard Time. My only requirement is that the song does not suck. If it sucks, and I end up playing it because I didn't know what it was, I will belittle you over the radio.

So make sure you request good songs. Requests can be made in this thread, or PREFERABLY on IRC at [#n00bstories](http://irc.n00bstories.com)
