Are the westwood forums going to redirect here eventually? Will this be the link under "site map?"

They already have. If you bookmarked the old boards you'll still be taken there, but if you follow the link from the Renegade website you'll get an information screen telling you about the change.

Aha. The Renegade website links here, but the Westwood website still links to the old boards.

Hopefully Crimson and Blazer can convince VTed to make their ultimatebb.cgi bounce here, because a lot of fan sites still link to the old boards.

Hmmmmm I am sure that Virtual Ted will change it soon enough...

Hope so anyway that would really increase the popularity of the boards.
