Can anyone here skin phpbb forums, WELL

And would be willing to help me?

I need a phpbb skin that will go with a website i have, nothing major, just matching colours etc.

- Thanks

Yes, but no.

Good luck... I've never been able to find anyone but me who can skin phpBB forums.

CrimsonYes, but no.

Good luck... I've never been able to find anyone but me who can skin phpBB forums.

Cheers for the pointless post.
