gotta agree with ya there, since renegade is becomming less and less each day you might aswell make n00bstories bigger by introducing more games to it such as counter strike, planetside, wolfenstein and battle field etc that way n00bstories would become more poplular. And as for the renegade forum you might aswell leave it here to rot

good thinking, n00bstories was getting to big to cover only renegade... but will the C&C games still be your main coverage besides other games?
