Hey all

I dont know if u guys know about our clan. We are one of the biggest Clans in the world and we have a renegade section.

Check out <http://www.warriornation.net> if you would like to consider joining our clan. We have many great members and we wear the WNx Tag before our name.

Ignore my profile name cos it says WNR tilly and that was an old WN tag that we used for a short while when WN was 3 separate sections. FPS/Console RTS and RPG and MMOPG's

Tilly
