I was just wondering, for what reason was a person named Puter87 banned? He is a friend of mine and nodbugger and he just tried to login today and it said he had been banned. I was just wondering why... I think he only posted one thing so far and I didnt see anything questionable. Just the age old debate of Cutter and Gutter.

Ha ha hilarious! Nodbugger was yelling at me on AIM to make mine smaller, and his is the EXACT same width and total, Larger than mine! Mine is 600 X 157 and his is 600 X 193. *Cough*

Hypocrite *Cough* *Takes cough syrup* Ahh... there we go... no more coughing words... Well I will see what I can do about the sig, I just hope the words are still readable at a smaller size.
