Wait to you hear what I came accros on the net the other day, I just downloaded a job for your Sims to use in the game (Don't know or anyone has it), you had this job at a website as a Map and Mod maker so I thought it would be fun to have in the game.

Then suddenly I get this bonus message: Aircraftkiller finds your maps so great he offers you 30.000 dollar to pass it on under his name.

Realy cracked me!

(To ACK: Just for the record, I did'nt make it so dont be mad at me.)

"ACK yuor maps is bad" "I deslike yuo" and so on, hehe.
